CVI Leadership Academy Celebration

The **Community Violence Intervention Leadership Academy (CVILA)** is a first-of-its-kind education program designed to deepen the leadership and management practices of senior CVI leaders so they can effectively manage community-based organizations and implement CVI strategies at scale. Its purpose is to provide senior CVI leaders with five months of hands-on education, with the goal of achieving its two interconnected goals: reducing gun violence and scaling the CVI field.

The CVILA supports participants in achieving these goals by strengthening their leadership and management skills, expanding their networks, and supporting them in their efforts to elevate and advocate for the CVI field.

The celebration, at the Rusty Pelican with breathtaking views of the Miami skyline, will bring together over 150 public safety leaders, academy supporters, and CVI experts from across the country to raise vital funds to sustain this work.
